

Description

An extra-flat shower tray with a cement texture finish, manufactured using sanitary grade Gelcoat. With built-in or onto paving installation options, a wide range of cm by cm formats, a choice of six colours and the possibility of custom cutting, the shower tray is fully adaptable to all needs

Formats

(70-110)x(100-200)

Material

· Gelcoat. A composite material of resin and mineral charges, which features an external layer of Gelcoat

Surface finish

- Cement texture
- Matt finish
- Class 3 ENV 12633 | C (DIN 51097) | PN24 (XP P05-011) Anti-slip treatment

Colour

Standard

- Height 3 cm
- Drainage gradient of between 2,2 and 3,9%, according to format
- Drain cover in same material, colour and finish as shower tray
- Ø50 mm waste valve

Optional

- Other available waste valves
- Cm by cm custom cutting

Installation

- Onto paving, built-in or onto base feet
- Requires space beneath tray to house valve (see pre-installation)
- Suitable for Ø50 mm waste valves, with a large flow rate, compliant to EN 274:2002
- Installation with R2 PU Adhesive, according to EN12004:2008+A1:2012
- Suitable for installation of glass enclosure

Features

- Suitable for private or public use
- Interior use
- Highly resistant to moisture
- Highly resistant to chemical agents
- Very hard surface, resistant to impact, abrasion and scratching

Norm compliant

- Shower tray: EN 14527:2006+A1 2010 Shower trays for domestic purposes
- Waste valve: EN 274:2002 Waste fittings for sanitary appliances
