

Description

The Program countertop washbasin series has been created to offer a wide range of possibilities that allow for the desired washbasin to be attained. Each product is studied and developed individually, based on the dimensions of the countertop as required, the client has the opportunity to choose from 22 basin designs, their number and their positioning along with the accessories to equip the washbasin. The high degree of personalization which is achieved with the Program series allows for developing and complementing the bathroom with truly unique and exclusive designs, fully adapted to client requirements. Program washbasins are manufactured using Scene, white, with a smooth or slate texture and a matt finish.
