

Description

An extra-flat shower tray manufactured using Scene®, white in colour with a smooth texture finish. With built-in or onto paving installation options, alongside a wide range of formats, the shower tray is fully adaptable to all needs. The integration of the drainage cover within the shower zone and its perimeter based water collection system gives the shower tray a minimalist design, fully adaptable to all requirements. The possibility of custom cutting allows for a high grade of product personalization, making for an easy integration with the rest of the bathroom elements

Formats

(70-80)x(120-140)
(70-80)x(150-190)

Material

- Scene®. A solid, homogeneous material with a renewable surface

Surface finish

- Smooth texture
- Matt finish

Colour

WHITE
