

Description

An extra-flat shower tray manufactured using Scene®, white in colour with a smooth texture finish. With built-in or onto paving installation options, alongside a wide range of formats, the shower tray is fully adaptable to all needs. The Zone series possesses a carefully chosen design where the drain cover, manufactured in the same material and finish, is fused with the minimalist aesthetics of the shower tray. The possibility of custom cutting allows for a high grade of product personalization, making for an easy integration with the rest of the bathroom elements

Formats

Material

- Scene®. A solid, homogeneous material with a renewable surface

Surface finish

- Smooth texture
- Matt finish

Colour

WHITE

Standard

- Height 2.5cm
- Drainage gradient of between 1,2 and 2,8%, according to format
